You'll Like Ypsi . . .

If you knew Ypsilanti, its background of traditions and culture, its steady growth thru the years, its fine balance as a residential, educational and industrial community — if you knew these things as the old timers do, you would like Ypsilanti.

The war has brought great changes in the community, but some day Victory will return us to more normal conditions. There will be a new and greater Ypsilanti, but with many of its old traditions, characteristics and ambitions.

It is this Ypsilanti we invite you to learn to like. We would be glad to have you join us as a permanent citizen and to become one of the builders of one of America's outstanding cities.

75 years OF SERVING AMERICAN BUSINESS

THE year 1945 is the seventy-fifth Anniversary for R. L. Polk & Co. Three-quarters of a century of Service to cities and industries of America.

WE HAVE grown a lot in seventy-five years, and we plan to keep on growing. We feel younger than ever. Our real future still is ahead of us . . . because the real future of our Country lies ahead.

IN 1870 Ralph L. Polk, the Founder of this Company, laid down a fundamental policy of Good Service . . . Honest Service. That policy still is *basic* with us. Our growth in experience, in skill, in size, came about only because we built on that solid old foundation of Service.

SO, ON OUR seventy-fifth Anniversary, we thank you for doing business with us . . . for guiding us along the way. We want any and all of our Services to be even more valuable to you in the years to come . . . and we pledge our best efforts to that end.

ONE OF 350 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS — SAVE MANY MILES, MINUTES and DOLLARS

There are over 500 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents —the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1945 edition of the Ypsilanti City Directory.

Confidence in the growth of Ypsilanti's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ypsilanti to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ypsilanti Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 13 to 19, on white paper, presents lists of city officials; post office, public school and ward boundary Directories; statistical review; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 21 to 277, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ypsilanti, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 281 to 334. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

The BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 28, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Ypsilanti. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Ypsilanti, the necessity of having this kind of information im-

mediately available is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 365 to 399, on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ypsilanti.

The Directory Library

Through the courtesy of the publishers of the Ypsilanti City Directory, a Directory Library is maintained in the offices of the Ypsilanti Board of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

III. INDUSTRY AND COMMERCE

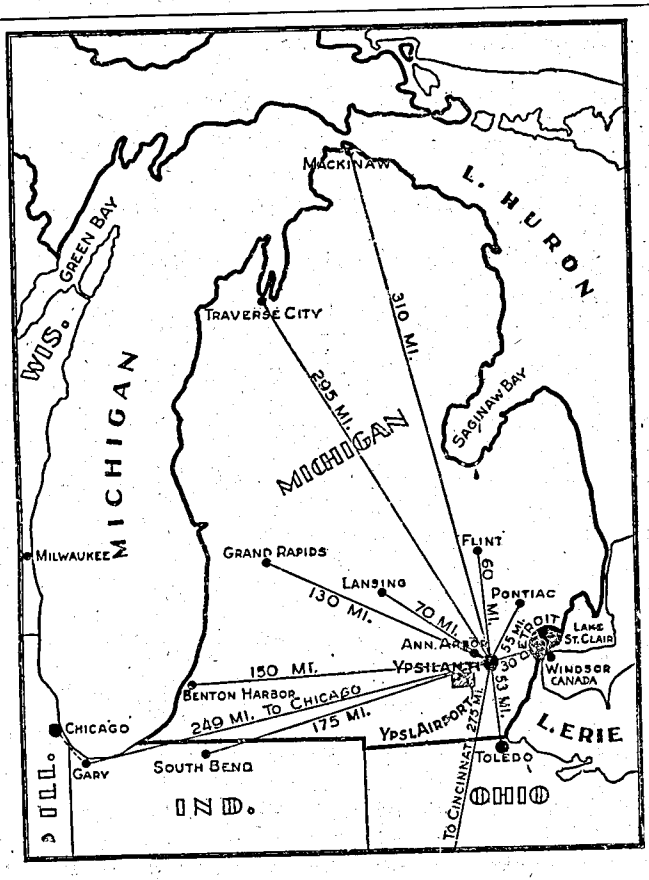
INDUSTRY—Chief industries of city and surrounding territory are manufacturing and agriculture. 21 manufacturing establishments, employing 2,700 workers. Principal manufactured products are automobile parts, accessories and hardware; paper, ladders, oil stoves, dies and tools, garden implements, machinery and felt products. The Ford Motor Co. has a large branch plant here manufacturing starters and generators.

Ypsilanti has been an important war-work center throughout the war. The Ford Motor Co. built for the Government the world's largest factory for making bomber planes. This plant contains over 3,000,000 square feet of floor space, and now employs 20,000 workmen. It cost $65,000,000, and is located two miles east of Ypsilanti.

TRADE AREA—Retail area has radius of 10 miles, and population of 50,000. About 200 retail establishments.

IV. GEOGRAPHIC LOCATION

Ypsilanti is located on the Huron River and on the Michigan Central Railroad, 30 miles west of Detroit. It is served by bus and truck lines to Detroit on the east, Ann



Arbor and Jackson on the west, and Toledo on the south. Ypsilanti is situated in Ypsilanti Township, Washtenaw County.

V. SUMMARY

HISTORY—In the spring of 1823 Ypsilanti was established as a pioneer settlement on the Huron River by a small band of hardy frontiersmen who were pushing their way west in search of new adventure and a new home. The community received its unique and distinguished name in 1833. At that time the Greeks were making a splendid fight against Turkish tyranny under the leadership of Demetrius Ypsilanti, a patriot whose fame spread around the world. The freedom-loving pioneers adopted this great Greak personality's name and so it stands today. Ypsilanti was chartered as a village in 1832 and as a city in 1858.

MUNICIPAL INTERESTS—Ypsilanti civic and commercial interests are represented in the Ypsilanti Board of Commerce, which enrolls about 400 members. Community spirit has visible manifestation in the community-owned hotel, The Huron, which was opened Jan. 1, 1923. The Huron is up-to-date in every respect, being strictly fire-proof and providing 100 rooms to care properly for its guests. A modern and progressive Community Fund and Council of Social Agencies provides coordinated activity in the social welfare field.

CLUBS AND SOCIAL LIFE—Wastenaw Country Club, the third largest in Michigan, has a golf course of 18 holes, one of the best-built golf courses in the state. Ypsilanti Airport, with 160 acres, is one of the Detroit suburban landing fields, and promises to be an increasingly important factor in this growing industry.

Three luncheon clubs, Rotary, Lions and Kiwanis, with a combined membership of 200, are the effective means of bringing business men and teachers of the city together in three cooperative bodies, and are very effectively serving the community. Through the Ypsilanti Federation of Women's Clubs, the women of Ypsilanti engage in effective civic service. A city year-around recreation program is run for both children and adults.

INSTITUTIONS—The first teacher-training institution west of the Alleghenies was the Michigan State Normal College, which celebrated, in 1927, its 75th anniversary.

The campus of the college includes 107 acres, upon which are located 20 buildings, including three new dormitories. There are enrolled in a period of 12 months, 1,500 students. Staff personnel, 200.

Michigan State Normal College ranks not only as one of the foremost teacher-training institutions of the country, but also as a pioneer institution of its kind. In 1849, Connecticut and Michigan established normal schools. Previous to that, Massachusetts had established three, and New York one. The Michigan State Normal College was opened in 1852, and its first class was graduated in 1854.

The Ypsilanti State Hospital for the mentally-ill is an institution located seven mlies west of the city, with a capacity for 3,345 patients. Staff personnel, 466.

The Ypsilanti Post of the Michigan State Police was established in 1931, and is now permanently settled in a new headquarters building with six men in the detachment.

Cleary College is another important Ypsilanti school. It is a trustee institution, now 62 years old, with degree courses ranging from one to four years. There are about 100 students.

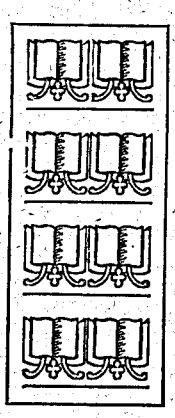
Use Our Library of Out-of-Town City Directories



A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities.

This is a part of our service to local City Directory users

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

☆ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

☆

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

WHY A *Buyers' Guide?*

★ ***It is customary to include a Buyers' Guide in the City Directory because:***

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

☆

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information : : : *EXTENDED*

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1945

Copyright, 1945, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

Huron St. is the dividing line for East and West streets and Michigan av is the dividing line for North and South streets.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ♧ preceding names denotes houses and places of business having telephones.

CITY DIRECTORY USAGE SOARS TO

New High!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future —these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

Polk's Bankers Encyclopedia

MOST CONVENIENT AND COMPLETE BANK DIRECTORY

Arranged in one volume with sections devoted to United States and possessions, Canada and Banking Laws and other banks throughout the world not listed in the sections devoted to United States and Canada.

Contains lists of banks with bank statements, bank officers, bank directors, investment dealers, stock exchange members and bank attorneys.

Some other reference features include data concerning Federal Reserve System, Federal Deposit Insurance Corporation, Farm Credit Administration, Joint Stock Land Banks, National and State Bank Examiners, Airmail Schedules, Postage Rates, Clearing House Figures and other statistical tables.

Accessibility of information, maintained up-to-date by new, merged and closed bank supplements, coupled with durable, convenient indexing makes it the outstanding publication of its kind in the field.

PUBLISHED SEMI-ANNUALLY in MARCH AND SEPTEMBER

$15.00 per copy; $20.00 in Canada and foreign countries.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time It Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Don't Contribute to Counterfeiters

KNOW YOUR MONEY!

Don't Be Fooled by Forgers

KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

COLORED SEAL *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

SERIAL NUMBERS *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. RUBBING a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or $7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

Published in Cooperation with United States Secret Service Treasury Dept.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
